ABOUT ME

An enthusiastic and dedicated Computer Applications graduate with a robust foundation in software development, specializing in core Java and MySQL. Skilled in database management and application development using Java Swing and JDBC, I am eager to join a dynamic team where I can leverage my problem-solving abilities and passion for continuous learning to deliver innovative solutions to real-world challenges.

EDUCATION

SAVITRIBAI PHULE PUNE UNIVERSITY
Pune
2025

Bachelor's Degree in Computer Applications

TRAINEE AT INFOBEANS FOUNDATION

Pune
Jun 2024 - Present

Information Technology Excellence program

- Engaged in a comprehensive training program to master company technologies like Java,MySql,HTML,CSS,JavaScript,SpringBoot etc.
- Enhanced technical skills and domain knowledge through workshops, seminars, mentorships.
- Shadowed seasoned professionals to gain insights into workflows and project development practices.
- Contributed to project development, including active participation in code reviews.
- Assisted with project tasks such as requirements gathering, data research and analysis, and documentation creation.

PROJECTS

InfoBeans Foundation - ITEP
Dec 2024

Stock Market Simulator

- **Stock Market Simulation**: Simulates stock price fluctuations, allowing users to buy and sell stocks based on market dynamics.
- **Graphical User Interface (GUI)**: Developed using Java Swing and AWT, providing an interactive platform for user engagement.
- **Data Visualization**: Incorporates graphical representations of stock price changes, enhancing user understanding of market trends.
- **Database Integration**: Utilizes MySQL for persistent storage of user data and transaction history, ensuring data integrity.
- **Development Tools**: Employed WindowBuilder for efficient GUI design and development.
